MEMORANDUM FOR: Chief, Security Staff, OD&E
Chief, Security Staff, OL

25X1 FROM: [REDACTED]
Acting Chief, Industrial Security Branch

SUBJECT: Industrial Facility Security Reaudit of

25X1

25X1 1. Due to the nature and scope of changes being implemented
at [REDACTED] the results of the ISB reaudit at the [REDACTED]
facility from 9-13 August 1982 will include not only recommenda-
25X1 tions for further improvements, but an acknowledgment of what
has been accomplished at the company. While addressing govern-
mental concern about [REDACTED] commitment to security, the
changes also reflect a long-range approach to security needs of
the company. (S)

2. Foremost of the changes was a reorganization of the
Security Office, to include a new director and expanded staff.
The Security Office has incorporated the document control func-
tion and drawn up security directives and rebriefing programs to
establish policy and security awareness. Operating costs for
improvements primarily in the area of physical security have al-
ready exceeded \$2.5 million. These improvements have been exten-
sive, to include: installation of additional alarms and cypher
locks, rewiring of the telephone system and upgrading the guard
force. (U)

25X1 3. Although the following recommendations currently apply to
[REDACTED] it is recognized that these are areas for which
changes are planned or in the initial stages of implementation:
